

Professional Nurses Educational Series Sponsored by West Herr Cares & Scott Bieler

Presentation: Cognitive Fatigue (Brain Fog) and Quality of Life in Multiple Sclerosis

Contact Hours: 1.0 Contact Hour**

Date: May 11, 2023

Time: 6:00-7:00pm

Location: Live Webinar

Speaker: Lana M Pasek, MSN, EdM, RN, ANP, PhD(s)

Speaker Background: Ms. Pasek is a nurse practitioner with over 20 years of experience in-patient and outpatient settings. She is a nationally certified neuroscience nurse who is a PhD candidate in nursing at the University at Buffalo. Her clinical interests are high-need patients, quality of life, brain fog, and patient reported outcomes.

Learning Outcome: Participants will be able to report increase in knowledge related to cognitive fatigue and quality of life.

Overview: The National MS Society reports there are nearly 1 million individuals living with Multiple Sclerosis in the US. Experiencing cognitive fatigue (brain fog) has a dramatic affect on their quality of life.
